

Healthcare feels different here.

TEP and Premise Health are bringing you a better healthcare experience. You now have access to a wellness center dedicated to you and your needs. The Tucson Electric Power Employee Health Center is not open to the public like other community clinics. This leads to a personalized experience, shorter wait times and ultimately, better care.

These are some of the services waiting for you as a member:

- Annual physicals
- Preventive exams
- Condition management
- Biometric screenings
- Lab draws
- Immunizations
- Acute & urgent care
- Women's health
- Pediatric care

For assistance with registering for the first time on the MyPremise Health App, and to schedule your first appointment, please call (520) 619-2139.
